Foreword

We hope our theme, "Memories in the Wind," will convey to the student body a feeling reminiscent of the exciting, humorous, and rewarding events which have occurred this past year at Mayfair High. In the following pages this last year will slowly come to life once again, some moments more vividly than others. For the class of '64 it will hold their last cherished memories as another year at Mayfair now lies on the winds of time.

Principal's Message

"Memories in the Wind" is a most fitting theme for this colorful 1964 Mayfair "Tradewinds." The gentle and the violent winds, the surface winds, and the winds aloft, like our memories, are constant companions. The winds are variable, they go round in big and little circles to create whirls and hurricanes. Like memories, the winds we know are always on the move. The winds are hot or dry or cold or wet. They blow from and to every direction of the compass. We remember those which are pleasant and forget those which are not.

So it is with memories each of us have accumulated at Mayfair during 1963-1964. In the years to come may this volume remind you of those many happy events and enjoyable contacts with your friends, the teachers, and students (even the "windy" ones). May those of you who are leaving these halls of learning return on the soft breezes to let us know that the winds of fortune are still smiling upon your efforts.

And may those of us who look forward to another year again be blessed by pleasant memories from future winds.

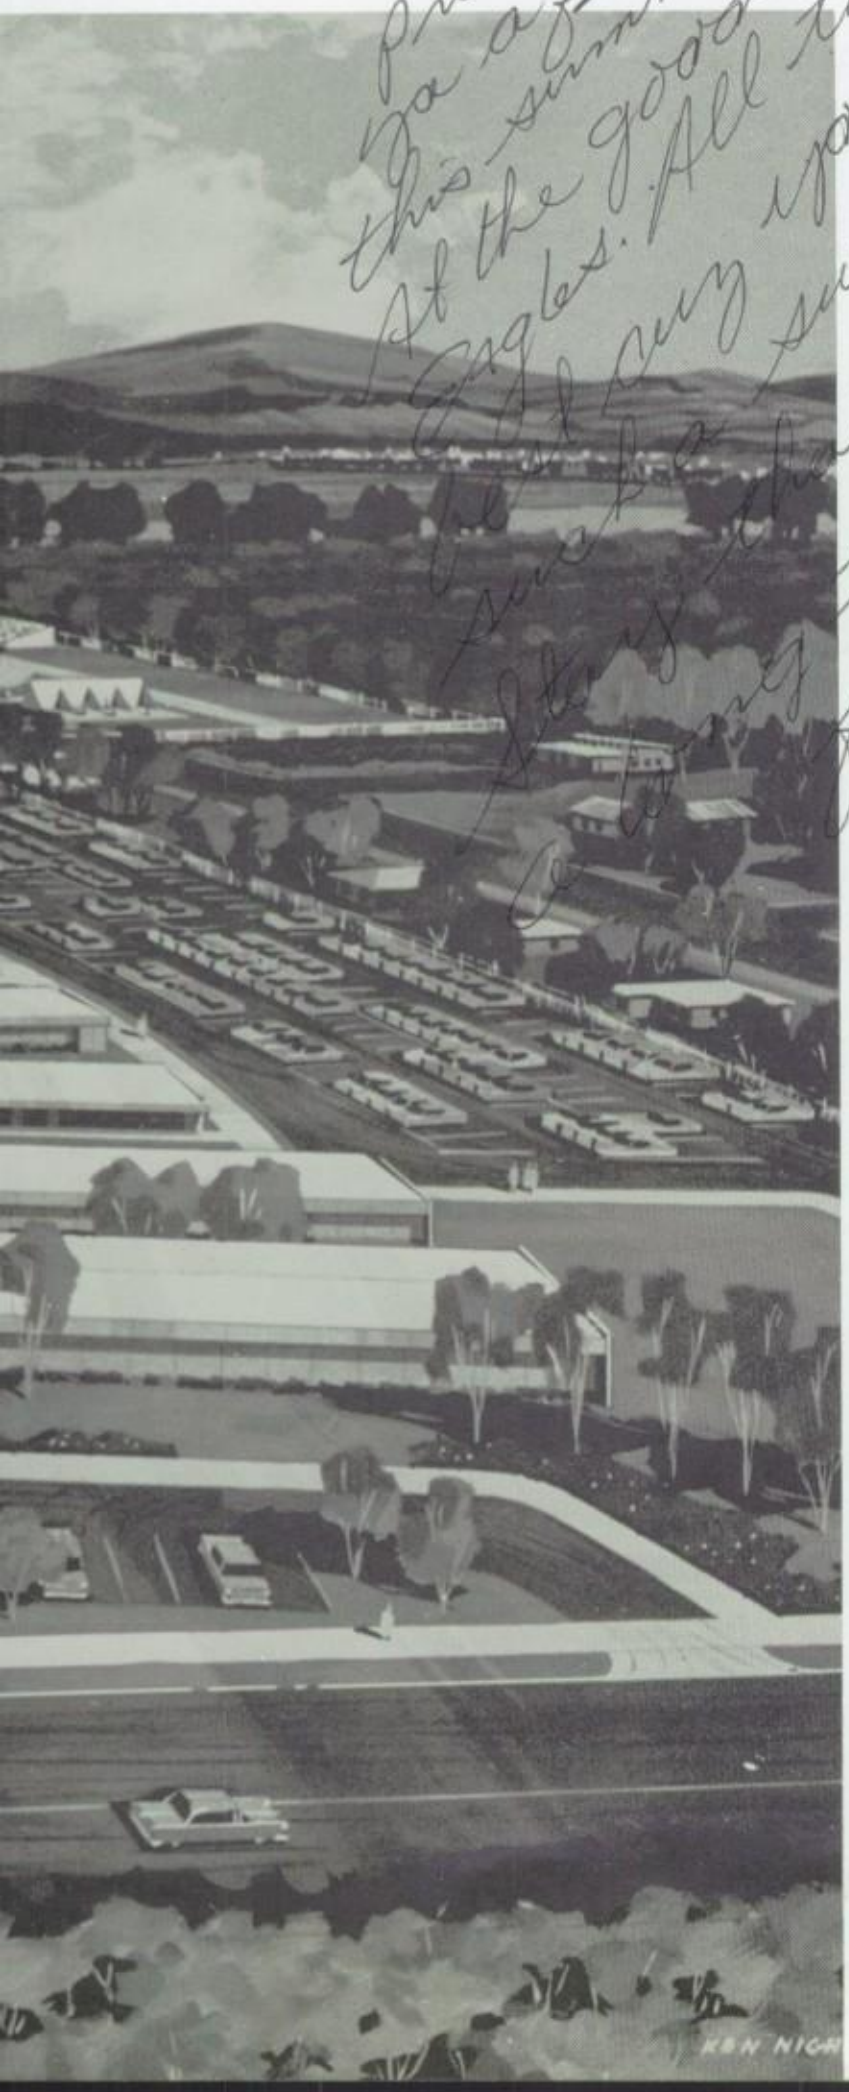
System



The "school within-a-school" or sub-school plan, as we call it at Mayfair, is a rather new and interesting way to organize a high school. Basically the organization is such that it capitalizes on the advantages of both the large high schools and the small high schools. It provides a big plant with good athletic facilities, a library geared to the overall enrollment, a cafeteria adequate for a large student body, a varied curriculum and the same activity program as a large high school. On the other hand, dividing the students and teachers into sub-schools allows for closer relations with students in the areas of guidance and counseling, discipline, academic progress and teacher supervision and evaluation.

Since the Mayfair plan began in 1959, several other schools in the Southern California area have adapted it to their use. They have discovered, as we have, that the organization can function with the same administrative and clerical staff as the traditional high school and results in a much closer relationship between administrators, teachers, and students.

Textbooks for Mayfair are re-evaluated usually during the fifth year of adoption by the district. At this time publishers are invited to send books for examination. Teachers and administrators write evaluations and make suggestions. Adoptions are based on agreement between evaluations at each high school as determined by the District Co-ordinator of Curriculum.

All of the audio-visual equipment is housed in the Library and is distributed according to teacher sign-up. Maintenance is supplied by the District level person who is responsible for all district equipment. He is available to us on a part-time basis.

Mayfair High School Parent Teachers Association was organized in 1959 under the leadership of its first president, Mrs. Henry Dixon. Its purpose is to promote the welfare of the Mayfair student in the home, school, church, and community; to encourage parent co-operation with teachers; and generally to assist the school administration in furthering the interests and progress of our school.

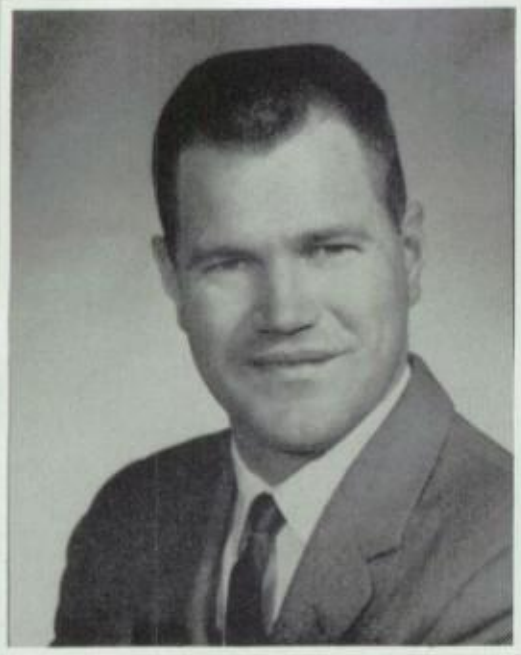
These objectives are accomplished in many ways: assisting needy students so that they may complete their high school education, supporting the Youth Foundation, and providing as many scholarships as possible for our worthy graduates.

In the last two years, the P.T.A. has supported the A.F.S. program and has provided funds for the graduation expenses of our foreign students.

Mayfair High P.T.A. has progressed in its five years of existence and will continue to serve the school, teachers, parents in every way possible to make our high school one of the best.

Mr. Robinson makes a few comments on student programming at a recent P.T.A. meeting.

Attendance Office



Mr. Glenn Cook

APTAINS' TABLE

Stop, Look, Listen, Think

DITOR'S NOTE: Guest columnist for this week's Cap-in's Table is Mr. Brad Benson, Tradewinds advisor. His pic is the proposed nickname change. The title is "Mon-oons or . . ."

by Mr. Brad Benson

Should we still call ourselves e Monsoons? There has been me talk in recent weeks out changing our school nick-me from "Monsoons" to mething else.

The nickname of a high hool is important because, at st in part, it defines the spir- of the student body. So when

nickname be changed, we should proceed cautiously and wisely to consider the issues involved.

In all probability, the student body will be asked in the coming spring elections to decide whether such a change should be made, and, if so, what name should replace our present nickname. Perhaps the student body will decide that "Mon-oons" has already become a chool tradition and adequately represents the essence of our chool spirit. Or perhaps they ill decide to change to some-ing like "Monarchs" or "Ma-uders."

But whatever the outcome, we ould never be afraid to dis-uss or debate a problem which ight lead to change. Our heri-ge as Americans contains two important principles about the dea of change. On the one hand we ought to respect our tra-ditions — in this case, our tra-ditional name of "Monsoons." But on the other hand, things which are traditional must con-inue to be of value and serv-ce to those who use them.

Therefore the question now efore the student body is: does he name "Monsoons" really

The Captains' Table

EDITOR'S NOTE—This week's Captain's Table is written by activity director Mr. James Renkiewicz, who may say just about anything.

By Mr. R.

The other day Marilyn Fuller, Sophomore Class President, brought up a question during a discussion in the ASB council that I feel may be on the minds of many students.

Marilyn's question came second-hand from a student who asked her "What does the council **do**, anyway?!! (Neither the student nor Marilyn was trying to be funny).

As it turns out, it's a pretty good question, and one which deserves an answer.

First of all, they—the council—are charged with the responsibility of government at Mayfair. This means that anything of an official nature that has anything to do with the students passes through their hands. All dances, fund-raising drives, and activities of any nature outside the regular curriculum are their responsibilty.

Another responsibility of theirs—a difficult one—is the creation and maintenance of high student morale— usually called school spirit. In this area I feel the council is doing an excellent job, as evidenced by the increasing number of rooters at all levels of athletics

Historical Highlights of the Class of '64

We, the class of 1964, leave many memories floating in the wind behind us. We had our beginnings as a class in September of 1960. We entered Mayfair bewildered by the sub-school system, the towering upperclassmen, the cafeteria hassle, the principals, teachers, homework and other normal freshman problems. We were the first class to have seniors to guide us, as well as the first to elect a female president—Cathy McClure. After many vigorous activities we built our treasury from nothing to a whopping $56.

1961 found us not quite as bewildered, but much more active. We sold football programs and Mayfair Monsoon pens guaranteed to write over butter and tuna grease. The second annual Sophomore Week was staged. The week's activities included hush days, a dress up day, a fabulous Sophomore-Senior Assembly, a Roaring 20's Day, and was topped off with the crowning of John Mifflin and Kathy Rozwadowski as king and queen of Sophomore Week.

Our junior year was the busiest. We purchased our class sweaters, ordered our rings, and frantically tried to raise funds for the Junior-Senior Prom. We had more program sales, sponsored sockhops and sold mistletoe. Valentine's Day rolled around and we sponsored a highly successful Singing Valentines sale and a not quite so successful Valentines Dance, because for the second year in a row the weatherman decided it should rain. After car washes and many more fund raising campaigns we presented the class of '63 with "Orchids in Moonlight," the Junior-Senior Prom at the Disneyland Hotel.

The most memorable year, the Senior year, was the finest of all. We started the year off with the Senior Come-As-You-Are Breakfast and progressed to Homecoming. In the words of sponsor Mr. Benson, "This Year's Homecoming was the greatest Mayfair ever had." Preparations had begun weeks before, with the selection of princess candidates, organization of the parade, and the mailing of invitations to graduates. The night's activities began with a gala 31 car parade down Bellflower Boulevard and climaxed with the crowning of Kathy Rozwadowski as our Homecoming Queen. The next big activity was the Christmas Dance, held in Cerritos' Student Union. The senior play, ALL BECAUSE OF AGATHA, was considered a total success. With our minds drifting off to thoughts of graduation, we still had time to be honored at the Sophomore-Senior Assembly. June came and along with it Ditch Day, the Prom, and finally graduation and the all-night party. As a parting gesture the class of '64 makes it possible for the school to have the long awaited marquee.

These past four years have been full of trials and tribulations, but none of us can turn and say, "Goodbye, Mayfair" without admitting it was worth it all.

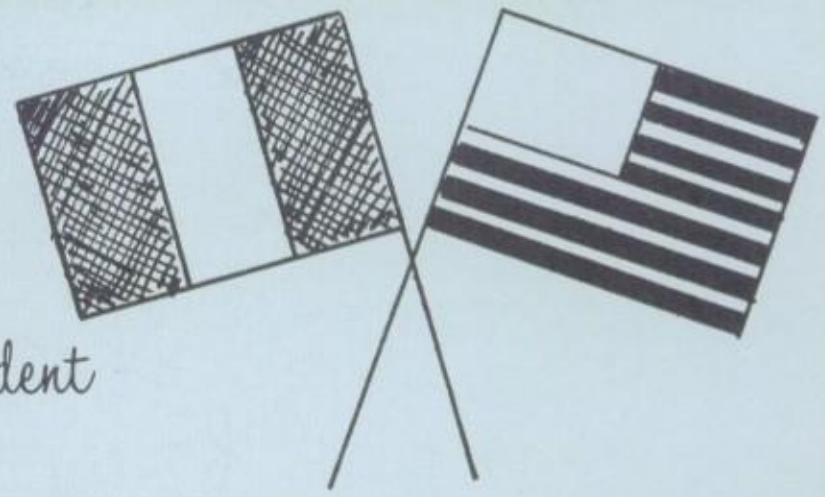
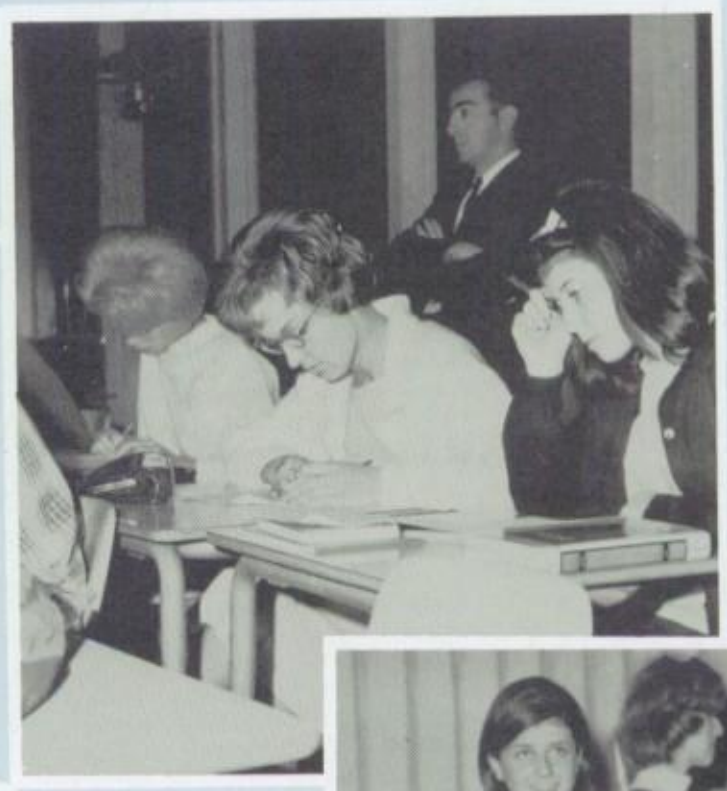
Foreign Exchange Student





Giuliana Ramella, Mayfair's second Exchange Student through American Field Service, lived and learned with us this year. Julie became the daughter of Mr. and Mrs. Joseph Routledge and the sister to junior Dodie Routledge.

Julie returns to her native Candello, Italy, after graduation but a part of her will remain. She will provide pleasant memories to all who knew her and will occupy a portion of the hearts of her fellow seniors for all time.

Julie's purposes in being with us were to spread international understanding, live as an American, assimilate into the school, and bring the love of her country. We hope Julie will remember her stay in America with the same fondness as the students of Mayfair will remember her.

The 1964 Athlete of the Year is senior Reid Braden. Born Reid Dennis Braden, Jr., on April 25, 1946, in Stover, Missouri, he has excelled in athletics since his early years in grammar school at Thomas Jefferson in Bellflower and at F. D. Roosevelt Junior High School.

Football

One of the fine team efforts of the night pays off again as Jim Dellinger (27) pulls for first down.

Coaches (from right to left) are: Mr. Davis (Line-Coach), Mr. O'Hara (End-Coach), and Mr. Hull (Head-Coach). Unfortunately Mr. Bridwell (Back-Coach) is not shown. These gentlemen proved themselves the finest coaching staff ever.

A Brief Sketch of the CIF

The California Interscholastic Federation was organized at a high school athletic convention held at the Y.M.C.A. Field House, Los Angeles, on March 28, 1914.

The convention followed a number of conferences in which there had been agreement that high school athletic contests, to be of value to the schools and the participants, should be organized under the control of the responsible heads of the schools.

For purposes of administration, California is divided into nine sections. Each section is divided into leagues, and then into the various high schools of that particular area. Our own Suburban League, composed of Artesia, La Serna, Pioneer, Sierra, and Mayfair, is a member of the Southern Section. In the Southern Section, the Commissioner of Athletics holds the most important position. His duties include: serving as Secretary of the Council and an ex-officio member of all standing committees; managing the Southern Section championships in all lines of sports in which championships are authorized by the Council; managing each championship by the rules of the CIF, Southern Section; forwarding to the Treasurer all financial reports and remittances; and notifying the Treasurer of all expenditures authorized by the Council.

Football is the most popular sport in the Southern Section.

Randy Johnsen

"Randy Johnsen is the most outstanding distance runner in Mayfair's history," evaluates Coach Nick Street. This is no idle statement. Randy's phenomenal records offer concrete evidence. He went undefeated in all league meets and broke Mayfair course records four times in 1963! Randy also rewrote records the same year at Sierra, La Mirada, and Excelsior. He concluded his record-smashing rampage by shattering his 1961 Varsity letter point record of 128 by 107 points! It becomes an incredible feat when you consider that 1963 was Randy's comeback year. In 1962 he underwent a major operation fusing two vertebrae in his back. As a result of his operation he was unable to run for six months!

Monsoon Varsity Wrestling History, 1959-1964

Coach Don Davis

Monsoon Wrestling team competition had its beginning in 1959. A group of young men, led by Al Weber, Dave Totten, Jim Emett, and assisted by Coach Don Davis began laying plans for the organization of a wrestling squad to compete in the 'Old' Suburban League. After a successful beginning record of four wins and two losses, Mayfair wrestlers have accumulated numerous dual meet victories in the past three seasons.

The past seasons have seen such stand-out wrestlers as **Al Weber, Al Dunn, Jerry Smith, Steve Sanson, Dennis Hall, Bob Hall John Mifflin, Mel Palmer, John Roth,** and **Brodie Dunn** participate in the CIF preliminaries and CIF finals in wrestling competition at its best. Out of these ten semifinalists have emerged only two finalists: Bob Hall, 106 lb. finalists for 1962-1963 and Brodie Dunn, 235 lb. finalist for 1963-1964.

The varsity grapplers lay claim to the Bellflower District Championship for two years of competition. In 1962-63 Mayfair defeated the Bellflower Buccaneers 27-21 and repeated with a 34-23 victory over the Bucs again this year.

The future is bright for Mayfair Wrestlers. In the year 1961-62 found an even season of four wins and four losses. The next year, with a fuller schedule the 62-63 squad amassed nine wins against three losses and one tie. This year's grapplers compiled overall seven wins, four losses and one tie, good enough for second place in Suburban League dual meet competition.

The Mayfair High School GIRLS' ATHLETIC ASSOCIATION was organized to promote an interest in athletic and social events; to preserve the highest ideals of sportsmanship, teamwork, and co-operation; and to accentuate the social, educational, and physical values of athletic activities.

This energetic group of girls met every Monday and Thursday after school in the Girls' Gym, where they participated in the volleyball, basketball, badminton, and softball programs.

The 1963-64 G.A.A. activities began with the annual Hobo Party which was held in the Multi-Purpose Building. The members also took part in the Homecoming Parade, and held a Friday night Slumber Party in the Girls' Corrective Room.

A Queen, Kathy Rozwadowski, is crowned.

Homecoming 1963

On November 2, 1963, Mayfair celebrated the most successful Homecoming in its brief history. Beginning with an impressive 31-car parade and ending with the largest Homecoming Dance yet, the evening was a total success.

The highlight of the evening came with the crowning of Kathy Rozwadowski as Homecoming Queen of 1963. However, the thing which will be longest remembered is the stirring 26-13 victory over La Serna, the first Homecoming victory ever achieved by a Mayfair football team. Pictured above left to right: Ron Nunnally, Nancy Ciaccia, Larry Kuhn, Sue Cox, Kathy Rozwadowski, Sally Robinson, Mike Downey, Kathy Dowhen, and Fred Dickey.

The National Honor Society is a select group of Mayfair students who have excelled in the categories of scholarship, leadership, service, and character. Scholarship is based on a grade point average, 3.5 being the minimum. Leadership takes into consideration the student's initiative in classroom studies, extra-curricular offices, and studenr government. Service, briefly, is the efficiency in which the student carries out his duties. Character is determined by the student's reliability, fairness, and tolerance.

Accrediting

Mr. Oswald reviews curriculum policies with members of the accreditation team.

Accreditation 1963-64.

Young Mayfair High School participated in its first official accrediting visitation this year. After undergoing a rigid inspection of its curriculum and functions, Mayfair received full accreditation from the Western Association of Schools and Colleges. Mayfair is also accredited by the University of California.

The Accreditation Banquet brought together members of the Board of Education, the Accreditation Team, and the faculty and student committee.

Afterword

What is a High School Annual? Is it an album of photographs? Is it a scrapbook of souvenirs? Is it a record of memories? Is it a diary of events?

It is all these things and much more. With that in mind, this, the 1964 Tradewinds, was compiled. We hope it will be all things to all people; but most of all, we hope it will be a source of pride and enjoyment forever.

Grateful credit and sincere thanks is extended to:

Mr. William Wittich and Mr. Marshall LaCour,
Photographic facilities

The Taylor Publishing Company
Mr. Kenneth Davidson, representative

Albert and James, Senior portraits

The Advertising Contributors

Mr. Brad Benson, Tradewinds Advisor

The Tradewinds Staff

The Faculty and Administration

And YOU — the Students and Seniors of Mayfair High School —

Your Pleasure will be the greatest contribution of all.

Dear Londa,

I can't believe that this year is over. It seemed so short that it hard to believe that you and I'll start College next year. We have just flown by since we have become friends. The years have passed and each passing year it seems that we become better friends with each other. I know I could never have been to me. I have good times we have had together. I can't tell you what our friendship means to me. I know that you will never forget me. Than you for some of the better friends we have had together. (especially and cheap ones!)

Londa, I want to wish you a wonderful future because I feel you deserve it so much.

Love & Kisses
